

Advance Teaching Plan

Class- II BHMS (CBDC)2025-26

Subject- GYN & Hom Thp

Sr.No	Date	TOPIC - GYNAECOLOGY	FACULTY
1	4.6.25	Introduction to Gynecology with Definition	
2	11.6.25	Diffrence between Gynaec & obstetrics & common ailments	
3	18.6.25	Anatomy Of FRS - Internal, External genitalia	
4	19.6.25	Supports of uterus & Pelvic Diaphragm	
5	25.6.25	A review of the applied anatomy of female reproductive	
6	2.7.25	Gynaecological Case taking	
7	3.7.25	Examination in a Gynaec case- Inspection(perspeculum), PV	
8	9.7.25	Diagnosis, Diffrential diagnosis, provisional & clinical Diagnosis	
9	16.7.25	Investigations in Gynaecology- General, Special invesgs	
10	16.7.25	Final diagnosis & Prognosis in gynaec case	
11	17.7.25	Approach to treatment of GYN cases in Homoeopathy	
12	23.7.25	Understanding of disease classification as per Organon	
13	30.7.25	Importance in the review of the Homoeopathic literature	
14	31.7.15	Homoeopathic Therapeutics, Repertory & source books	
14	6.8.25	Development of FRS	
16	7.8.25	Congenital Anomalies of FRS (Tutorial)	
17	13.8.15	A review of the applied physiology of female reproductive system	
18	20.8.15	Menstrual Cycle- Hormonal, Ovarian, Endometrial Cycles	
20	21.8.25	Puberty - Definition, physiological Changes	
21	3.9.25	Tanners Classification (Tutorial)	
22	4.9.25	Applied Puberty- Delayed Puberty- definition, Causes	
23	10.9.25	Delayed puberty - Clinial features, Invesgs	
24	17.9.25	DD & management of Delayed puberty	
25	18.9.25	Seminar/ Tutorial	
26	24.9.25	Precocious Puberty- Definition, Causes, Clinical fetures	
27	1.10.25	Investigations & General management in precocious puberty	
28	8.10.15	Homoeopathic management in Precocious Puberty	
29	15.10.25	Premenstrual Tension(PMS) - causes, Clinical features	
30	16.10.25	Puberty menorrhagia, PMS - general & homoeopathic Mngt.	
31	29.10.25	Menstruation and its disorders - terminologies	
32	30.10.25	Amenorrhoea, Menorrhagia, Metrorrhagia, Oligo menorrhoes, AUB	
33	5.11.25	Amenorrhea- Definition, causes, Types	
34	6.11.25	Cinical features in Amenorrhoea, Investigations in Amenorrhoea	
35	12.11.25	DD of Amenorrhoea, Management - General , Homoeopathi, Surgical	
36	26.11.25	Dysmenorrhoea- Definition, Types, Causes	
37	27.11.25	Dysmenorrhoea- Clinical features, Invesg	
38	3.12.25	General, Homoeopathic Mngnt in Dysmenorrhoea	
39	10.12.25	Seminar/ Tutorial	
40	17.12.25	Menopause- Definition , Physiology Changes	
41	18.12.25	Menopause-invegs, Diagnosis	
42	24.12.25	General & Homoeopathic theraps of Menopause	
43	31.12.25	Postmenopausal bleeding - Causes, Investigations, Diagnosis, DD	
44	1.1.2026	Scope and management in post menopausal bleeding	
45	7.1.26	Homoeopathy and integrated treatments	
46	8.1.26	Epidemiology -Predisposition including fundamental miasm:	
47	14.1.26	Personality type known to develop particular disease	
48	21.1.26	Uterine displacements – Prolapse-definition, types, causes	
49	22.1.26	Genital Prolapse- S/S, Diagnosis, DD, Complications	
50	28.1.26	General & Homoeopathic theraps of Prolapse	

PRINCIPAL

51	4.2.26	Conservative treatment & surgical options in Prolapse	
52	5.2.26	Retroversion - Definition, Causes, types, diagnosis, treatment	
53	11.2.26	Diagnosis & Homoeo Theraps in retroversion, surgical options	
54	18.2.26	Inversion- Exciting and maintaining causes, S/S, prognosis	
55	26.2.26	Homoeopathic Scope in Prolapse, Retroversion, Inversion	
56	4.3.26	Seminar/ Tutorial	
57	5.3.26	Sex & Intersexuality- Definition, Causes, Types	
58	11.3.26	Knowledge and scope to eradicate genetic Dyscrasias	
59	18.3.26	Predisposition, miasm and personality types known to	
60	25.3.26	develop particular diseases through Homoeopathic outlook	
61	26.3.26	General and Homoeopathic Management, repertorisation,	
62	1.4.26	therapeutics, Posology	
63	2.4.26	Prognostic criteria and Prognosis of related topics in Gynecology.	
64	8.4.26	Seminar/ Tutorial	
65	15.4.26	Instruments & common procedures in Gynaecology	
66	22.4.26	Common Procedures in Gynaecology
